I’m a 30 year resident of Clallam County, have worked, played, raised a family, and tried to make a positive difference in our community. I hope you will join me with your help and support to take back Washington State to common sense government.

I’m running because of the disturbing direction our State is headed, the myriad of bad bills written by the majority party (Democrats) and voted on by my opponent, incumbent Mike Chapman (D), and the lack of transparency and real representation for our 24th Legislative District.

I’ve run successfully for local office, elected twice for Clallam County Home Rule Charter Commissioner, and elected as vice chair in the second term by my peers on the Commission. I previously ran for County Commissioner, winning the primary. I’ve owned small successful businesses here. I’ve served as a Clallam County Republican Party State Committeewoman for several terms and currently serve as the Chair of the County Party. I’ve also been very active in politics and as a grassroots activist for more than 20 years, working with numerous candidates and committed to constitutional principles at our county level of government.

We have a great team of volunteers to help achieve victory across our three counties. I’m a hard worker, very organized, and determined to win. Our Path to Victory is set, and I officially announced my candidacy on March 4th. We’re moving forward, meeting with folks across the District to hear concerns and ideas for a better Washington. I hope you will come alongside in this most important election year, with your support, your help, and your vote, so we can TURN THE HOUSE RED.

Sue Forde
Candidate for Washington State Legislature - District 24, Position 1 (R)
Paid for by Elect Sue Forde - (360) 681-3023 - P. O. Box 3457, Sequim, WA 98382

Affordability - Housing & Jobs
The cost of housing keeps going up and up due to increasing taxes, regulations, and the lockup of land for homes and timber production. Everything from services to groceries, to gas, to utilities, continues to rise in price, raising the cost of living and leaving our families with less money to save and spend as they see fit. It’s becoming more difficult to make ends meet for lower and middle income families. I will work to change the direction in Olympia toward affordable living, homes, opening land for timber production, and more.

Safety & Security
We should be safe in our homes and communities. With growing homelessness, often bringing with it drug and crime problems, we need to do better. Crimes should be prosecuted, and people should have the right to bear arms for self-protection. I will work to change the direction in Olympia toward a safer community with full 1st and 2nd amendment individual rights.

Transparency & Accountability
Representatives should work transparently and be accountable to us, the citizens, protecting our individual rights under the U.S. & State Constitutions. When the Democrat-ruled legislature passes $27 BILLION of NEW taxes in the dead of night on the last day of the legislature, with little or no input from citizens, that’s not right! And this session, the Democrats refused to consider returning a $2 billion surplus to the people! I will make it my mission to hear the voice of our district communities and represent our needs in Olympia.

The incumbent Mike Chapman (D) voted for: a B&O tax increase on small businesses, gas tax increases, state-mandated sex ed for K-12, & gun restriction bills, and against: the $30 car tabs, returning a surplus to the taxpayers, & more! He’s a tax-spend-and-regulate Democrat and the wrong person for our District. Together, let’s “term limit” him out of Olympia.

As your elected representative in Olympia, I will:

#1 - Vote “no” on State Income Tax, Gas Taxes, Pay-Per-Mile Taxes, Carbon Taxes and other taxes that will raise our cost of living and travel. I will vote for $30 car tabs and the reduction of property taxes.

#2 - Vote against radical state-mandated sex education (K-12). I will work for Educational Choices for our children and grandchildren - let the money follow the child for their best educational opportunities.

#3 - Vote for Faith, Family Values and the Protection of our Constitutional Individual Rights, especially our 1st & 2nd Amendments, with emphasis on local control and common sense.
